

SPENCER BOONE MEMORIAL SCHOLARSHIP
BY CODY COUNTRY CAR CLUB

Spencer Michael Boone was born September 19, 1993 in Powell Wyoming to Mike and Jacque Boone.

Growing up in Cody with his younger brother Sterling, he attended Livingston Elementary, Cody Middle School and graduated from Cody High School in May, 2012.

Interests of Spencer included soccer, golf, hunting and fishing, dirt bike/ATV riding and especially mudding at Red Lake. Spencer could always be found covering his white Chevy with Red Lake mud or pulling someone out who wasn't as fortunate as him in the mud. Family and friends were another love of his, he was a very social boy and would do anything for anyone. Making people laugh was something he was so good at and loved doing and it's something we all miss the most.

The greatest passion of Spencer's was vehicles and restoration. From a young age he loved painting and fixing up bikes and go carts, anything really, in his Dad's garage. As Spencer got older his love for working on vehicles grew. After high school he attended MSU-Billings where he studied Collision Auto Body Repair. This is where he learned the skills needed to be a good auto body technician to help him as he started his career when he returned home to Cody at Finishing Touch Auto Body. He was so happy doing what he loved.

Spencer was tragically taken from us June 16, 2015 at the age of 21. Since Spencer is no longer able to continue his passion, we would love to carry on his name helping someone else to begin their passion for anything with a motor and wheels.

Available to: A Park County graduating senior who wants to go into the automotive or motor sports industry. May be used at college or a technical school, whether, working towards a diploma or certificate in the previously mentioned fields. A minimum GPA requirement of 2.0 is necessary. The scholarship is based on financial need and/or current experience in these fields.

Completed applications due in the Guidance Office by April 15, 2021
